THE DURHAM SCHOOL
OF ARCHITECTURAL ENGINEERING AND CONSTRUCTION
Learn Today | Build Tomorrow
Dear Alumni, Industry Partners, Students and Friends:

It is my pleasure to welcome you to our Annual Durham School Architectural Engineering Awards Banquet.

I am in my fourth year as Director of The Durham School, and during this time, I have grown to appreciate our outstanding AE program and the many exceptional, national-level achievements of our students and our faculty. The collaboration and support of industry is simply amazing! Let me take this important opportunity to say Thank You.

In consultation with all stakeholders, we are strategically planning to set our agenda for the coming years. Industry collaboration is a hallmark of our School and will continue to be integral in all aspects of our instructional and research missions. Architectural Engineering and Construction has a huge footprint in Nebraska, and we will continue to engage our partners to provide a sustained, well-educated workforce who is innovative, yet practical and solution-oriented.

University and College leadership is committed to helping The Durham School offer the best architectural engineering program in the nation. This includes expanding the number of graduates to meet the ever-increasing industry demand, increasing our outreach activities to a national level, taking the lead as the producer of AE faculty through a quality Ph.D. program, training the professoriate nationally in teaching and learning, and offering research programs that are making a difference in the AEC industry.

We are continuously updating our curriculum to ensure our students are learning the most current technologies as related to their field, while never losing sight of the fundamentals. Our focus continues to be on recruiting and educating the best students to:

“Learn Today and Build Tomorrow”.

Jay A. Puckett, PE, PhD, F. ASCE
Charles W. and Margre H. Durham Professor
PROGRAM AGENDA

Social Hour
4:30pm – 6:30pm
Sponsored by Nebraska AEI and Nebraska ASHRAE

Welcome and Introductions
Dr. Jay Puckett, Director
Lance C. Pérez, College of Engineering
Gage Gibney, AESLAC President

Dinner
6:45pm – 7:15pm

Presentations & Awards
7:15pm – 8:30pm

Architectural Engineering Program Update
Presented by: Dr. Ece Erdogmus

Alumni Project Presentation

**DURHAM SCHOOL CAREER FAIR**

September 30–October 2, 2019
Scott Conference Center, Omaha, Nebraska

**MONDAY, SEPTEMBER 30 – Internship Presentations & Welcome Reception**
Architectural Engineering and Construction students showcase their summer 2018 internship experiences. A welcome reception with networking will follow.

**TUESDAY, OCTOBER 1 – Career Fair**
Meet with 300+ students seeking internships and full-time employment.

**WEDNESDAY, OCTOBER 2 – Interviews**
Tables are available in our semi-private interview spaces. If interested, reserve your table during on-line registration.

Registration begins March 1

WHAT DID AESLAC DO IN 2018?

AE 1010 Mentorship Program
• Paired 80+ first-year students with juniors, seniors, and industry mentors
• Office tours with industry interviews; AE BBQ; used building plans for labs

AEI Forum Student Social
• 100+ AE students at the 2018 AEI Forum hosted by Nebraska AE

Engineer’s Night Out
• Monthly free pizza meetup for engineering students and professionals

Career Fair Host Program
• Volunteer hosts helped with set-up and showed company reps around campus

WHAT’S NEW THIS YEAR?

AE 1000 Channel Program
• Initiative that groups students into mentorship “channels” to span all years of the program

AEI CANStruction Competition Entry
• Collected 178 cans of food for the Maverick Food Pantry
