

Job Title: NDC Design Engineer

Job Details

Division: Vulcraft Nebraska

Location: Norfolk, NE, United States

Other Available Locations: N/A

Posted: 03/08/2019

Deadline: 03/31/2019

Basic Job Functions:

NDC is seeking qualified applicants for the position of NDC Design Engineer at our Norfolk, NE location. The successful candidate must be safety minded, quality driven and able to make cost effective decisions. Basic functions include, but are not limited to:

- Assisting NDC Detailers (J&D, Ecospan, RediCor, Structural) with project coordination and technical support
- Interpretation of design loading on project plans
- Communicating and coordinating with Division Engineers, project EORs, Corporate Construction Project Manager and other Nucor Divisions
- Completing final design with unique project requirements for J&D, Ecospan or RediCor products.
- Providing design support to Divisions for overflow of project work and field fixes as requested
- Designing small to mid-size internal Nucor structural projects
- Design of external structural connections on Nucor provided material
- Assisting the Ecospan Sales Engineering staff with overflow work

Safety is the most important part of all jobs within Nucor; therefore, candidates must be able to demonstrate the ability to initiate, lead, and uphold safety policies, practices, procedures, and housekeeping standards at all times.

Minimum Requirements:

- Bachelor's Degree in Civil/Structural Engineering
- Fundamentals of Engineering (FE) certification

Detailed Selection Criteria:

- Strong commitment to Safety in all job aspects
- Excellent written and verbal communication skills
- Proficiency in utilizing computer resources to maximize effectiveness and efficiency
- Outstanding abilities in negotiation, relationship building, and sound engineering judgment
- Desire and ability to contribute effectively in a team environment
- Positive attitude and willingness to continually improve

Preferences:

- Master's Degree with Structural Emphasis
- Diversified Structural Steel design experience
- Professional Engineering License preferred

Must have supervisor and/or manager recommendation and must be able to perform all essential functions of the job with or without a reasonable accommodation.

Nucor is an Equal Opportunity/Affirmative Action Employer – M/F/Disabled/Vets – and a drug – free workplace
